Term 3 of 2018

Week 5
24th August 2018

This week Mrs Clark is missing! But it's OK! MARGE IS IN CHARGE! (Marge is a babysitter who is a bit wild, and has rainbow coloured hair, and every time she minds Jemima and Jake they have a fabulous time as they go on adventures.)

It seems not only is Mrs Clark missing, but also Lea has been replaced by a Princess with a Diary! Mrs Carter has gone too – and there is this funny fellow in a stripy red shirt that we can almost find, but he is well hidden. I don't know what happened to all the students, but there is a ballerina, Princess Jazmyne, Moana, an X-Man, and Super Girl here. I don't know where those kids are that I am supposed to be babysitting!

It's OK, though. There's bikkies and cake in the kitchen to share with the mums and dads and community members at recess time.

It's also Chelsea's birthday. I'll have to have her cake since she's not here. Yummo! Speaking of birthdays, it was Gemma's birthday yesterday. Happy birthday to both of those girls. I wish I knew who they were!

Dates to Remember

August

- 24th P&C Meat Raffle
- 28th Life Education at Woodstock

September

- 2nd Father's Day
- 2nd Woodstock Show
- 3rd Dance
- 4th Troppo Bob at Koorawatha
- 6th Recycled Art Excursion
- 7th Dance
- 13th Cowra Library
- 14th Dance
- 14th Scripture
- 21st Dance
- 28th Dance
- 28th Scripture
- 28th Last Day of Term 3
- 28th P&C Meat Raffle

October

- 1st Public Holiday
- 13th Cowra Show
- 14th Cowra Show
- 15th First Day of Term 4
- 26th World Teachers' Day

These funny characters tell me that they love it when visitors come to Wyangala. They were telling me that a lady called Steph Cooke visited on Monday. She had a lovely time looking at the students' work and was super impressed to hear that we have a student here who wants to be a florist when she grows up! Can you believe that Ms Cooke was a florist before she became all important and has to work in an office? She's a poli ... poli something! Anyway, she's going to come back one Thursday afternoon and teach the kids how to make a floral arrangement. I hope the real students are back by then! Gemma will be able to learn a lot about being a florist. Maybe that's her treasure? To bring beautiful flowers to make people happy?

SUPPORT

YOUR LOCAL FARMERS

Making people happy seems to be a thing at this little school. I noticed, in the office, when I speaking to that Princess, there's a box with some stuff in it. She says it's for the farmers who are doing it tough in the drought. What a lovely thing to do, to help others. Maybe that's the treasure in this place – bringing happiness and showing kindness. I think that is very special treasure!

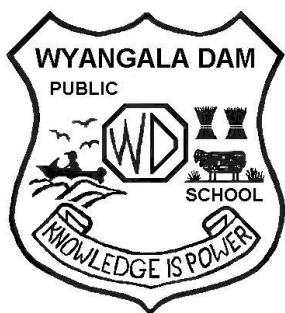

I found a sticky note that says next week the school is off to Woodstock school for Life Education. I think that is where that funny Giraffe called Harold is visiting. It will be nice for the kids to catch up with their friends up the road. It also says that Mrs Clark is out on Thursday and Friday, but not to worry, because Mrs Carter will be CHARGE (not Marge!).

Well, I had better go and see if I can find those missing kids. Maybe these characters can help me? We all hope you have enjoyed Book week 2018, and that you can always Find Your Treasure!

Cheers,
Marge
In Charge!

to visit Koorawatha Public School to see Troppo Magic on Tuesday 4th September 2018.

I understand that transporting my child to and from Cowra will be by Wyangala Country Club Courtesy Bus driven by Mrs Sue Clark and Mrs Lea Smith.

I understand that the vehicles will be departing school at 9.00am.

My child has the following special/medical needs - _____

I consent to my child/children receiving emergency care if required.

Signed _____

Date _____

We are doing a donation drive for WIRES
Please drop off any items to the school office

WIRES - Donating Goods

Items needed

Anything you can help with from our Wish List will make a big difference to our volunteers and the numbers of animals we can assist:

- Large cages
- Towels (particularly white towels)
- Flexariums
- Possum boxes
- Top opening pet carriers
- Humidicribs / Incubators
- Heating pads with thermostat controllers
- Rolls of shade cloth at 50%, 80% and 90% (*see details below*)
- Aviaries (preferably flat packed) –portable aviaries & fixed location aviaries
- Knitted 100% wool pouches & 100% cotton liners - possum pouches and macropod pouches
- 100% cotton flat sheets and 100% cotton pillowcases

Used Items

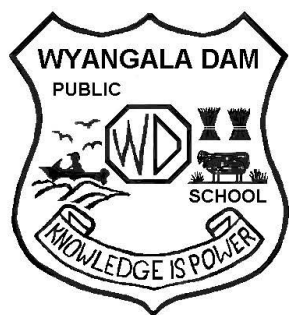

With some items e.g. aviaries, cages and towels we are happy to take used items as well as new. However, all used items must be of good quality and very clean for our volunteers to be able to use them for the wildlife in their care. Used towels must also have no loose threads as the animals can get caught in them.

White towels are ideal for WIRES rescuers and carers as they make it easier for carers to identify any issues or illnesses as bodily fluids such as blood are clearly visible.

Shade Cloth

WIRES volunteers use shade cloth to line their rescue carriers, cages and aviaries, make shade structures in enclosures for fauna in care, make soft release areas and make stretchers so volunteers can safely move larger fauna. Shade cloth is used to protect feathers and beaks from damage when birds and raptors need to be transported or cared for in cages and aviaries. It provides shelter when there are not enough trees or shrubs and it's used to line fences around pre-release enclosures to reduce injury when young fauna in care flee in fright. Shade cloth is also used to make nets suitable for catching some fauna, used to herd some fauna into corners to enable their rescue and it reduces visibility for the fauna so they are less stressed when in care.

Library Day is Friday

School Banking Day is Tuesday

School in the future

By Gemma Smith Yr. 6

Schools in the future will have lush green grass that will be evenly watered during the with lots of shady native trees, shrubs and plant. There will nice tall fences, around the playground so everyone wants to stay the lovely school grounds.

In the future instead of sport, there will be dance, yoga and a gym for all ages, both female and male. That way everyone will be fitter and healthier

There will be the normal subjects which are art, cooking, English and math. These will be taught through the day. In addition, there will be time for a nap every day for all ages. This will help the pupils keep on track and so that the students do not fall asleep.

All High schools and Primary schools will have less than 1000 pupils and will be taught through distance. However, once a term they will go back to their school for a week. Then there will be more distance schools to help educate the young boys and girls about their life ahead of them.

They will have four breaks. These are crunch and sip, recess, lunch and afternoon tea. Every Friday the canteen will have healthy food all day. That will be sold in recyclable containers.

EDUCATION WEEK

In the future everything changes, so does education. Our teachers try hard to help us to complete our tasks. We will have computers taking over the school. All of the work would be on the computers, but in this school it will be the same.

Canteen

In the canteen there will be more junk food than healthy food but maybe no healthy food at all.

Library

In the library all of the books will be ruined because of all of the people wrecking the books.

Computer Lab

The computer lab would be too cramped with so many people in it and it would be too loud.

Smart board

The smart board will be brand new, but hard to use and confusing. I've had a classroom with a new smart board, and the pen didn't work which made the teacher furious.

Upgrade

In our school we will get minute upgrades, because we are a small school. The gas heater in our school will be upgraded eventually so we don't smell gas most of the time.

Electronics

In high school I think all pupils will cheat in class, with calculators and phone, or cheat sheet.

Sport

In the future all of the children will stay on their phone, instead of going to do sport.

By Chelsea Marceddo

Education week

Electronics

I believe in the future that there will be no such thing as pencil and paper and everything will be done electronically. I also believe that no one will run around and play on the playground. They will all be too busy playing on their phones and electronics.

Canteen

I believe in the future we will have a very healthy looking vegetable garden. We will do cooking once a week and we will only cook healthy things. Our canteen will mainly have unhealthy food but there will still be salads and vegetables from the garden.

Learning

I also believe that more students will be cheating in tests with calculators and phones. I believe that pupils will not be concentrating in class because they will have headaches from all the noise of other students but some students might like the noise because it helps them concentrate. I think there will still be lots of learning done, and all the students will get good education.

Students and teachers

I think that in the future at Wyangala Dam Public School there will be more students and that means **more** teachers. I also believe that the school will be much bigger and will be very crowded and loud. I believe that at recess and lunch all pupils will be doing is chatting not just in real life but also online. I also believe in the future that at recess and lunch boys and girls will be spending their time pulling pranks on other students and sometimes teachers.

School

I believe in the future that there will be many trees in the school. The school will be much bigger and louder than ever. When I am older I will definitely come back to this little school to see the growth.
