Term 1 of 2019

Week 7

13th March 2019

Dear Parents, Carers, and Community Members,

Week 7 is almost done, and what a week it is!!

Saturday we are participating in the Festival of International Understanding and I CAN'T WAIT for the unveiling of the float! We are so lucky to have the talents of Jackie and

Robert in building our float for us. The students are very excited about participating in the parade, and we would LOVE your support on the day. The parade starts at 3.00pm in Cowra.

If you are walking down Kendall Street, stop and have a peek in Sportspower's window to see the excellent artwork and projects done by our students. I am so proud of their efforts and the work they have put in with Mrs Carter and Mrs Nottingham in their discovery of all things Japanese. Not only have the students created these beautiful pieces, but they have learnt about Japan and its culture. They have thoroughly enjoyed this mini unit of work.

I am sure the excursion to Taiko Drumming on Friday will be fantastic! Other Cowra Small Schools will also be attending and we are all looking forward to our afternoon with Greenethorpe

and Koorawatha Public Schools at the Japanese Gardens – one of my favourite places in the world!

## Dates to Remember

### **March**

- 15th Taiko Drumming
- 16th Cowra Festival of International Understanding Parade
- 19th Dental Screening at Woodstock
- 21st Harmony Day
- 22nd National Ride 2 School Day
- 29th Questacon Science Circus

### **April**

We are getting ready for some online activities such as NAPLAN and the Tell Them From Me survey which both gather data to help inform the teaching and learning here at Wyangala.

Next week, we will celebrate Harmony Day on Thursday 21st March. Please join us for morning tea beginning at 11.00 am. The Director Educational Leader, Mr David Lloyd, will be attending, so come along! Say hello and have a chat with our Director.

As always, have a great week!

Cheers,

Sue Clark

Relieving Principal

## Tell Them From Me

I am delighted that this term, our school, like many other public schools in the state, will participate in a Department of Education initiative: the *Tell Them From Me* student feedback survey. The survey measures factors that are known to affect academic achievement and other student outcomes. The focus of the NSW-wide survey is on student wellbeing, engagement and effective teaching practices.

More information about the survey is available at: <http://surveys.cese.nsw.gov.au>  
The survey is a great opportunity for our students to provide us with valuable and quick feedback on what they think about school life, how engaged they are with school and the different ways that teachers interact with them. More than 6,300 schools in Australia and around the world have used *Tell Them From Me* to survey 5.4 million students. Capturing the voices of our students will help improve how we do things at our school.

I want to assure you that the survey is confidential. The survey is conducted online and will typically take less than 30 minutes to complete. It will be administered during school hours between 11 March and 12 April. Participating in the survey is entirely voluntary.

A consent form and FAQs for parents/carers about the survey is included in this newsletter. If you **do not** want your child or children to participate, please return the form to school by **Monday 18th March 2019**. Copies of the form and FAQs are available from: <http://surveys.cese.nsw.gov.au/information-for-parents>.

The consent form and FAQs are available in 23 languages.

**Tell Them From Me student survey:  
Information and consent form for  
parents and carers**

Dear Parents and Carers

In Term 1 2019, our school is taking part in the *Tell Them From Me* student survey. The survey will provide us with valuable feedback on what our students think about school life, how engaged they are with school and the different ways that teachers interact with them. Schools in Australia and around the world have used the *Tell Them From Me* survey to help them improve. The survey is completed on-line and is run by an independent research company, **The Learning Bar**, which specialises in school-based surveys.

Staff in schools will **not** be able to identify individual students from their responses. To ensure confidentiality, participating students will receive a unique username and password. Where fewer than five students respond to a question, the results will be suppressed. The survey typically takes 30 minutes or less to complete and will be administered by the school during normal school hours. Once the surveys are completed by students, reports are prepared and in most cases are available to schools within three business days.

As well as schools getting student feedback, the Department of Education, through the Centre for Education Statistics and Evaluation (CESE), has access to data from across NSW and is running a research project to look at state-wide patterns of student wellbeing, engagement and effective teaching practices. The research is looking at how these things impact on student outcomes, including academic performance. Individual students will **not** be identified in any CESE publications, and all information will be handled in accordance with the relevant privacy legislation. Students' personal information will not be disclosed by the department to any other person or body other than as required by law.

This research will help schools in New South Wales to better understand how to improve student wellbeing and engagement. It will also help teachers and principals discuss what works to improve student outcomes.

Participating in the survey is entirely voluntary. Your child will not take part if either you or your child do not wish. If, during the survey, your child is uncomfortable, he/she can choose to stop the survey at any time. The majority of questions in the survey can be skipped.

If you **do not want your child to take part** in the survey, please complete the attached form and return it to the school by Monday 18th March 2019.

More information about the survey and the research is available in English on the CESE website: <http://surveys.cese.nsw.gov.au/information-for-parents>

# Tell Them From Me student survey

## Frequently Asked Questions (parents and carers)

Centre for Education Statistics and Evaluation

### 1. What is the *Tell Them From Me* student survey?

The *Tell Them From Me* student survey asks questions about factors that are known to affect academic achievement and other outcomes. It aims to help improve the learning outcomes of students. The survey is designed to measure, assess and report insights from the student point of view at the school and system levels. The focus of this NSW survey is on student wellbeing, engagement and effective teaching practices.

### 2. What kind of questions will the survey ask?

The survey questions relate to the following measures for **primary schools**:

Participation in sports and extra-curricular activities	Behaviour at school	Effective learning time
Use of ICT for learning	Homework behaviour	Teaching relevance and rigour
Sense of belonging	Interest and motivation	Perseverance
Positive relationships	Effort	Experience of being bullied
Valuing school outcomes	Skills and learning challenge	Advocacy at school
Positive teacher-student relations	Expectations for success	Positive learning climate

The survey questions relate to the following measures for **secondary schools**:

Participation in sports and extra-curricular activities	Homework behaviour	Expectations for success
Skills and learning challenge	Academic self-concept	Behaviour at school
Experience of being bullied	Truancy	Sense of belonging
Interest and motivation	Effective learning time	Aspirations: finishing Year 12, University, TAFE
Positive relationships	Effort	Teaching relevance and rigour
Wellness	Valuing school outcomes	Positive learning climate
Academic buoyancy	Advocacy at school	Advocacy outside school
Positive teacher-student relations	Use of ICT for learning	Perseverance

### 3. How have schools been selected to take part?

The survey is open to all NSW government schools at no cost to them. Your child's school has decided to participate.

#### 4. How will taking part in this survey benefit my child's school?

The *Tell Them From Me* student survey will provide school principals and school leaders with insight into student engagement, wellbeing and effective teaching practices at their school, from the perspective of students.

Data collected from the survey responses are quickly compiled into reports for school leaders. Principals can then use this information to help them identify emerging issues and plan for school improvement.

#### 5. What does my child need to do to participate in the survey?

The survey typically takes less than 30 minutes and is conducted entirely online through a secure website operated by the survey developers, *The Learning Bar*. Schools will make computers or laptops available so that students can complete the survey during school hours.

#### 6. Does my child have to participate?

No, participation in the survey is optional. Your child will not take part if either you or your child do not wish. If, during the survey, your child is uncomfortable, he/she can choose to stop the survey at any time. The majority of questions in the survey can be skipped. Parents/students have a right to apply for access to, and correction of, a student's information.

#### 7. Will the school be able to identify my child from their responses?

Staff in schools will not be able to identify individual students from their responses. To ensure confidentiality, participating students will receive a unique username and password. Where fewer than five students respond to a question, the results will not be made available.

A small number of staff in the department's Centre for Education Statistics and Evaluation (CESE) will have access to individual student responses for the purpose of state-wide

analysis. Individual students' data will be held on a secure server with access strictly limited to CESE researchers. The researchers are interested in trends only – not in individual student responses. No student will be identified in any publication. No school will be identified unless they have given permission.

#### 8. What sort of analysis will be done on the survey data?

Once the surveys are completed by students, reports are prepared and in most cases are available to schools within three business days. School leaders can use the data to better understand the experiences and views of students at their school. CESE will undertake state-wide analysis of the survey data in conjunction with existing student data held by the department, including performance data.

The results will help all schools better understand the relationship between wellbeing, engagement, effective teaching and student learning. Results from CESE's analysis of this data will also help teachers and principals discuss what works to improve student outcomes. This supports the department's continuing focus on quality teaching and leadership. The data will be retained for future analysis to help us better understand the nature of student engagement and wellbeing over time.

#### 9. Can all school students participate in the survey?

The primary school survey is designed for students in Years 4 to 6. Schools are encouraged to allow as many students as possible in these year groups to participate. Secondary schools are encouraged to allow as many students as possible in Years 7 to 12 to participate.

#### 10. When will the *Tell Them From Me* survey happen?

The surveys will be conducted in all participating schools at the end of Term 1 and (optionally) Term 3/4.

## What is CESE?

The Centre for Education Statistics and Evaluation (CESE) is part of the NSW Department of Education.

CESE has been established to improve the effectiveness, efficiency and accountability of education in New South Wales. CESE will identify and share what works, creating new opportunities to improve teaching and learning across all of education.

**More information about CESE is available at: [www.cese.nsw.gov.au](http://www.cese.nsw.gov.au)**

## What is *The Learning Bar*?

*The Learning Bar* specialises in research-based design and facilitation of student assessments and survey solutions for both primary and secondary students. The in-house research team led by the President, Dr J Douglas Willms, undertakes extensive projects used in the school system to affect national policy. It is against this research that the survey, *Tell Them From Me*, has become the largest national school survey in Canada, used in nine of the ten provinces. Globally, more than 6,300 schools and 5.4 million students have participated in the survey over the last twelve years.

Dr Willms recently held the Tier 1 Canada Research Chair in Literacy and Human Development. He plays a lead role in the development of questions on student engagement for the OECD's Programme for International Student Assessment (PISA).

For purely administrative purposes, *The Learning Bar* will also have temporary access to identifiable student responses to the survey questions. Other than *The Learning Bar* and CESE researchers within the department, identifiable student responses will not be disclosed to any other person or body other than as required by law.

**More information about *The Learning Bar* is available at: [www.thelearningbar.com](http://www.thelearningbar.com)**

If you have any questions about the survey, please contact CESE via email: [TTFM@det.nsw.edu.au](mailto:TTFM@det.nsw.edu.au) or by telephone: **1300 131 499**.
